TEACHERS WILL RECEIVE COPIES OF CD MANUALS

Adams County school teachers will receive a new manual on Civil Defense during the coming two weeks, William G. Weaver, county Civil Defense director said he had been notified by state CD headquarters today.

According to Dr. Richard Gerstell, state Civil Defense Director, all teachers will receive the manual which gives information on what to do in case of a bombing attack, and provides a guide on how to instruct the students to protect themselves in event of enemy action.

The manual's instructions to teachers observe, "Should an enemy attack us with modern weapons, no school can rely on outside help to provide the protection required for its children. Each individual school must develop its own program of self-defense." In its opening sentence, the manual tells the teacher to "familiarize yourself with all available literature on how to survive an atomic bomb."

Covers Raid Warnings

The manual will go to all public, private and parochial schools as well as institutions of higher learning. Mr. Weaver said he had been informed. The three-colored 34-page booklet covers such subjects as air raid warnings, alarms and drills, shelter areas, teaching guides for use by pre-school, elementary and secondary schools and first aid instruction.

The manual was prepared by the State Council of Civil Defense with the assistance of the State Department of Public Instruction. Distribution is being made by the latter department. Mr. Weaver said copies of the manual can be obtained through him by parent-teacher associations and other interested groups.

WORLEY JOINS 4 GOP TO STOP TAX ON SALES

By LEONARD A. UNGER

HARRISBURG (AP) — Five House Republicans came out today against a sales tax—enough to defeat it if they and solid Democratic opposition hold their position.

The stand of the five GOP representatives developed as the House 109-member Republican majority called a closed meeting to count noses on the controversial two per cent levy.

The five anti-sales tax Republicans are Reps. Francis Worley (Adams), John S. Shotwell (Monroe), August Metz (Pike), Joseph A. Ide (Northampton) and Clair H. Peilly (Northampton).

They made their views known in separate interviews. Each replied "no" to the question: "Will you vote for a sales tax if it is called for a vote on Thursday?"

The GOP defections are compounded by the hospitalization of Rep. G. Edgar Kline (Schuylkill). It left the leadership with a maximum of 103 votes for a sales tax, two short of the required 105 to pass a tax bill.

Plan Amendments

Rep. Albert W. Johnson, Republican floor leader, said amendments are planned to the sales tax measures to make it more palatable to GOP representatives.

They call for two types of exemptions from the levy. One would boost from five cents to possibly 10 or 15 cents the amount of a purchase which would be non-taxable. The other would exempt feed, fertilizer, seed and spraying materials used in food production.

A third proposed revision would give retailers a two per cent commission for serving as collection agents for tax.

"These amendments should be of help in obtaining good Republican support of the sales tax," said Johnson. "As for the Democrats, I look for their support on the basis that it is earmarked for education."

But Rep. H. G. Andrews, Democratic floor leader, posed the threat of expulsion from the party caucus for any of the 98 Democratic House members who would vote for the sales tax.

A teletype message was received on April 5 from Baltimore police that Wetzel had been arrested driving the car in that city, and was being held there. He waived extradition, and will be given a hearing before Justice of the Peace John H. Basehore.

"MAGIC MUSIC"

As we walk the lane together
...neath the glowing tinsel stars
...I am carried off to dreamland
...by the sound of soft guitars
...carried off with you beside me
...to a place up in the sky
...where our hearts are spun together
...and we watch the world roll by
...just like magic we are floating
...on a downy silver cloud
...and I tell the world I love you
...and I shout it long and loud
...and the music of my calling
...echoes from the moon above
...to the stars that gaily twinkle
...as we talk of wondrous love
...then we kiss and ride a moonbeam
...till at last we must return
...to the lane from where we started
...out upon our great sojourn
...for the soft guitars are silent
...and the last notes gently fade
...notes that carried me to heaven
...and a joyful masquerade.

Will the gasoline
you're buying help keep your
car from **STALLING?**

It may surprise you, as it has many motorists, to know that one of the commonest causes of stalling in the first few minutes of driving can be prevented by the right gasoline. In damp, cool weather (30° to 55°) the gasoline sprayed into your carburetor acts as a refrigerator. It freezes the moisture in the air into tiny particles of frosty ice. These ice particles clog the carburetor openings and cause stalling. This cannot be corrected by mechanical repairs. It can be corrected with **Esso Extra Gasoline**, which contains an added ingredient...a built-in **anti-freeze**

which acts as a carburetor defroster and helps prevent cold start stalling. It's especially good in cars with automatic transmissions, where restarting after stalling is more troublesome. In addition to this protection, you get **Esso Extra's** famous combination of qualities... quick starting, fast warm-up, high anti-knock, power, and long mileage... everything you need for Happy Motoring from the instant you touch the starter. Is it any wonder more motorists use **Esso Extra** than any other premium gasoline in the area served by **Esso Dealers**?

WATER
You lead a horse to water, but you cannot make him drink, and that I'm just as stubborn, both my nurse and doctor think. Eight draughts of aqua pura is the daily rule for me. And now it's nearly noontime and I've only taken three.

When at my desk I'm seated and I'm busy writing verse, "It's time to take more water," says my most efficient nurse, "Don't tell me you're not thirsty, and don't turn your head away. Remember doctor's orders are eight glasses every day."

The stubborn horse won't take it if to drink he's not inclined, But a stubborn man is weaker, and for peace will change his mind. So, daily now eight glasses to the bottom I must drain; And if this keeps up much longer I'll have water on the brain. Copyright, 1953, Edgar A. Guest

Today's Talk

By GEORGE MATTHEW ADAMS

INFLUENCE
The dictionary defines influence as "action invisibly exercised, moral power." We are influenced by people, happenings, locations, reading and all nature. We are influenced by things unconsciously, both to our loss and gain. Every day of our lives we are influenced in an endless number of ways.

We are influenced to a belief in a Supreme Being, more by the kindness and nobility of human character, and the wonders and miracles in nature than by anything else. We like to be with people who have a good influence over us, who stimulate and bring out the best in us and who, by their example, help to make us thoughtful of others, and selfless.

No one could possibly estimate the influence that books have had on the world since first they gained circulation. The reading of a single book has often changed the thinking and action of an entire life. Many a one has changed the course of history!

We see the influence of others in works of art, and in literature. Without realizing the fact, we are a combination of scores of lives, books and observations. Perhaps that is what contributes to our personality, and makes us interesting. It's the touch-of-interest within us that makes us sympathetic, tolerant and understanding.

Those nearest and dearest to us influence us most. We are all, to some extent, hero worshipers, and this is a good thing. One of the favorite books of my youth was Carlyle's "Heroes and Hero Worship." It still is a favorite to which I turn frequently.

The influence that a good mother and father have on our lives never dies out. Great men and women, as a rule, come from good homes. That home may have been very humble and unpretentious, but the world's strongest characters come from such a place.

What influence we have we should spread. That is the only way it can mean anything to us. Lincoln lit the flame of his influence in life — and it has never died out — nor will it ever!

Tomorrow Mr. Adams will talk on the subject: "Helping Hand." Protected, 1953, George Matthew Adams Service

Yeggs Foiled in Effort to Loot Postoffice Safe: Fire following an attempt to blow open a safe in the main vault at the Gettysburg postoffice Wednesday morning and the failure of the explosion to crack the strong box, foiled efforts of yegmen to secure approximately \$25,000 worth of stamps and \$500 in currency and checks, Tuesday's receipts at the office.

The blast threw the safe forward, tore off handles and knobs on the face of the door and set fire to record books and a stock of stamped envelopes kept in the vault. The blast was set off a few minutes before 4 o'clock. Although the robbers threw a piece of canvas over the front of the safe before igniting the charge, fire from the explosion started the fire. This fact, it is believed, as much as the failure of the safe to open, caused the safe crackers to take to their heels.

Six Tyson Farms Sell High: The Chester J. Tyson orchard farms at public sales held Wednesday by G. W. Koser, of Biglerville, trustee in bankruptcy, on the various farms, sold for a total of \$106,800.

The "Edgemont Farm," of 252 acres, was sold to M. E. Knouse for \$25,500. The "Sheely Farm" of 149 acres was purchased for Heller Brothers, Inc., for \$18,200, and the "House Farm," of 168 acres, was brought by the same interests for \$16,400. The "Bream Farm," of 128 acres, was purchased by C. H. Musseman for \$9,800.

FOUR BILLS AIM TO CURB RELIEF "CHISELLING"

HARRISBURG (P)—Four new bills to crack down on "relief chisellers" and boost efficiency in public assistance administration in Pennsylvania were before the Senate Tuesday.

A bill sponsored by Sens. Fred P. Hare (R-Somerset) and G. Graybill (D-Lancaster) would permit the Department of Public Assistance and the county boards to disclose on request the names of relief recipients and the amount they receive.

"This is a necessary measure to cut down on relief chiselling," Hare told a newsman. The other three bills were introduced as part of the Chesterman State Government Survey Committee economy recommendations. Sponsored by Sens. Rowland B. Mahany (R-Crawford) and John H. Dent (D-Westmoreland), they would:

Want Annual Audit
Require the auditor general to make annual audits of the records of county boards of assistance with special attention to eligibility of recipients.

Authorize the Department of Public Assistance to lodge judgment claims against persons wrongfully receiving relief payments.

Require the Department of Public Assistance to bring suits against relatives responsible for the support of persons on relief but who refuse to lend the support.

Other new Senate bills would:
Exempt motor vehicles used by Young Men's Christian Association from the payment of registration fees—Sen. George N. Wade (R-Cumberland).

Require cities to insure all public funds in the custody of the treasurer against loss through fire, larceny, armed robbery and any other loss except through willful misconduct or negligence—Sen. William J. Lane (D-Washington).

Increase the minimum salaries of tax collectors in first class cities with a population of 25,000 or less from \$1,800 to \$2,600 a year and the maximum salary from \$3,500 to \$4,500—Lane.

LANDS "DEAD STICK" PLANE
WILLOW GROVE, Pa. (P)—An Air Force pilot with "real flying ability" brought a single engine training plane down safely here after the craft ran out of gas over the mountains of Eastern Pennsylvania.

The pilot, 2nd Lt. Ronald Littlefair of College Point, Long Island, N. Y., guided the craft down "dead stick" in a perfect landing at the Willow Grove Naval Air Station filed Monday night. Littlefair and another pilot were en-route from Chicago to Newark, N. J.

Littlefair said he became separated from the other plane and got lost somewhere over Eastern Pennsylvania. The other plane continued on to Newark.

A Navy homing radio finder guided Littlefair into the naval air field.

A Navy spokesman said "Littlefair's engine conked out at 4,000 feet somewhere to the northwest of here. It took real flying ability to bring that plane in without danger."

Littlefair is a member of a Military Air Transportation Service unit at Dover, Del.

Democrat Elected Mayor Of St. Louis

ST. LOUIS (P)—The Democrats tightened their grip on the City Hall here today by an unprecedented vote plurality in the nation's first major city election since the Republican presidential victory last November.

Their candidate for mayor, Raymond R. Tucker, swamped Republican Carl G. Stifel yesterday. He ran up an all-time margin of 61,433 votes in a St. Louis mayoral election. A Republican in 1945 was elected mayor by a 54,000-vote edge.

Unofficial returns from all of the 795 precincts in St. Louis gave Tucker 143,640 votes to 82,207 for Stifel. St. Louis has 393,235 registered voters.

PLAN BARRIERS FOR TURNPIKE

HARRISBURG (P)—Construction of test barriers between east-west lanes of the Pennsylvania Turnpike at known danger points was recommended Tuesday by the Joint Legislative Committee looking into turnpike safety.

The committee did not specify what type of barriers should be built.

"There's no sense of going to all the expense of putting up any type of barrier all along the turnpike," said Sen. John H. Dent, Democratic Senate leader and a member of the committee.

"This way we can have experimental barriers at known bad points and watch the results over a five or six month period." The 10-man House-Senate group also suggested the painting of luminous white lines along the inside and outside edges of both lanes of the entire 327-mile toll road.

"The lines would be the same as the ones now dividing each lane into two strips at many points. They would help immensely in foggy or bad weather," Dent said.

GOVERNOR SIGNS NEW 1953 LAW ON STATE CODE

HARRISBURG (P)—The first new law to come out of the 15-week-old 1953 General Assembly is a giant 362-page act unifying and modernizing the commonwealth's commercial code.

Gov. John S. Fine Monday night signed into law the only measure that has received approval up to now of both the House and Senate. More than 1,450 bills have been introduced.

Signing of the bill established a new record for the length of time taken before a Legislature produced its first law. The former record was set in 1931 when the first law was written into the books on March 16.

12-Year Study
The commercial code, result of a 12-year study costing \$400,000, revises present statutes regulating the use of commercial papers such as warehouse receipts and bills of lading.

The new law was the first major bill to pass the Senate on Feb. 23 where it was introduced by Sen. John J. Walker (R-Allegheny). The code was drafted under joint sponsorship of the National Conference of Commissioners of Uniform State Laws and the American Law Institute.

Increase Maryland Gas Tax In July

ANNAPOLIS, Md. (P)—The Maryland General Assembly wound up its 1953 session Tuesday after a tedious all-night session that finally produced a long-range road program.

As finally approved, the 12-year program for building and improving the state road system will cost an estimated \$68 million dollars. It will be subject to review every four years. If the lawmakers find it doesn't justify the expense, they may amend it, or junk it.

To finance it, the state gasoline levy will rise from five cents to six in July. Motor vehicle registration fees are also slated to rise in 1955 to support the program.

Another Passenger Train Is Derailed

crews today were clearing the New York Central Railroad's east-west tracks of the second cluster of derailed cars here in 10 days.

Just four miles west of the spot where three of the road's trains collided March 27 and killed 21 persons, a New York-to-Chicago express mail and baggage train derailed last night.

A brakeman, D. S. Eppler of Erie, Pa., the only casualty was treated for a minor back injury.

Things Are Looking Up For The Yankees: Mantle's Back, Bauer's Okay, Stengel Has New Starter

By BEN PHLEGAR

AP Sports Writer

Mickey Mantle's back with the New York Yankees and already things are looking a whole lot brighter for the world champions. The picture never was entirely gloomy but the word from the Yankee traveling party is that Manager Casey Stengel wasn't able to manage a full smile at any time while the young sensation was absent.

Stengel sent Mantle back to his Commerce, Okla., home to visit his wife, who is expecting a baby. A few days in the Oklahoma sun apparently did the trick because Mickey's skin rash disappeared.

Finds New Starter

Two other things made Stengel happy. He apparently had found another starting pitcher in Jim McDonald, who went all the way in yesterday's 9-1 victory over Nashville, and Hank Bauer, back in the outfield after resting his lame back, picked up his tremendous spring hitting immediately. Bauer slammed a home run and a double in three trips to the plate. McDonald now has gone the route twice and has yielded only five earned runs in 40 innings. No other Yankee pitcher has worked a full nine.

Indians Snap Streak

The best combined pitching yesterday came at Mobile, Ala., where the Cleveland Indians broke a four-game losing streak by edging the New York Giants, 1-0. Early Wynn and Steve Gromek held the heavy-hitting Giants to a measly three safeties while Dave Koslo and Max Lanier doled out only five in the Giant cause. A dropped fly ball by New York outfielder Dusty Rhodes allowed the only run to score.

In another game where the pitchers were stung, the Louisville Colonels of the American Association whipped the Milwaukee Braves, 3-2, on three hits. Milwaukee got four. Bob Buhl, Brave rookie who has been one of the best finds of the spring, went six innings and was the loser.

The Philadelphia Phillies paraded their long-ball hitters against the Boston Red Sox at Roanoke, Va., and came up with a 15-2 decision. Connie Ryan homered twice for the Phils and Earl Torgerson and Willie Jones contributed one apiece in the home run department.

Chicox Sips A's

A home run by Minnie Mino made the difference as the Chicago White Sox clipped the Philadelphia Athletics, 4-3, at Chattanooga.

Steve Bilko of the St. Louis Cardinals unloaded his longest home run of the spring as the Cards whipped Dallas of the Texas League, 6-4.

The Atlanta Crackers of the Southern Association pounced on veteran Johnny Lindell for four runs in the first and went on to defeat the Pittsburgh Pirates, 9-5, in a free-swinging exhibition.

SENATORS PUSH "AMMO" PROBE DESPITE TALKS

WASHINGTON (AP) — Senators pushed an inquiry into reported ammunition shortages in the Korean War today even though the shooting might possibly be called off through truce talks.

Reopening of Allied-Red negotiations at Panmunjom did not sidetrack a Senate armed services subcommittee on its schedule calling for testimony today from former Secretary of Defense Robert A. Lovett and his assistant, W. J. McNeil.

Lovett and McNeil were asked to give their views in the Senate group's search for the persons and conditions some senators believe were responsible for a serious and sometimes critical lack of ammunition in the hands of American fighting men.

Gen. James A. Van Fleet, retired former U. S. Eighth Army commander, has testified he was unable to carry out even limited missions in Korea due to ammunition shortages.

Top military chiefs have said there were some shortages in ammunition reserve stocks but that Van Fleet had all he needed to carry out his mission. The full Senate Armed Services Committee has sided with Van Fleet on this issue.

GAME POSTPONED

Rain and wet grounds caused postponement of the Fairfield, York Springs High School baseball game scheduled for Tuesday at Fairfield. The game may be played this afternoon.

ASK PROBE OF PRO BOXING IN PENNSYLVANIA

HARRISBURG (AP)—The General Assembly was asked today to appoint a committee to investigate professional boxing in Pennsylvania.

"Conditions in the field of boxing and disclosures in the press have suggested that racketeers have established a toe-hold therein, and the honesty of certain managers and promoters is questionable," said a resolution introduced in the house by three Philadelphia Democrats.

The managers and promoters referred to were not named.

The proposed 10-man legislative group, five each from the House and Senate, would have the right of subpoena, to hear witnesses under oath and seek state police assistance in "discovering the existence of the racket element in the operation of boxing in this commonwealth."

Report In 1955

The proposed committee would report back to the 1955 General Assembly.

Sponsoring the resolution were Reps. Granville E. Jones, Henry Cianfrani and Charles Maguire. Cianfrani and Maguire also sponsored a bill last night to give the State Athletic Commission the right to hold elimination bouts to determine various division champions from flyweight through heavyweight.

The commission at the present time does not have the specific legal right.

Shikat Features Madrid Mat Card

HARRISBURG, April 8 — Dick Shikat, the ageless German who won the world's wrestling title in 1929 when the mat game had a recognized champion, will be one of the windup principals when Promoter Bert Bertolini presents his ninth grappling show of the current indoor season at the Madrid Palestra, Thursday night.

Shikat's opponent in the one-fall-to-a-finish main event will be Mighty Ursus, of Mexico, who has two Harrisburg showings to his credit this year — a loss by disqualification to Primo Carnera and a curfew-halted draw with Gene (Mr. America) Stanlee on the last Madrid card on February 26.

In supporting matches to this two-star feature, Tony Martelli and Clyde Steves will take on Lenny Montana and Jack Dillon in a best-of-three-falls Australian tag team while Chris Averof, Chicago Greek, will make his capital city debut against Chuck Morgan, 300-pound Texan.

Then came the seventh round and Joey lashed out suddenly with a right hand. Turner ran right into it and almost knocked himself out.

From that punch on, Giardello felt like fighting and Turner looked like he wanted to go home. The crowd that paid \$40,642 were loving it.

Giardello staggered Gil with right hands that could be seen in the 10th round. He won the last four rounds.

Referee Charley Daggert scored it 7-3; Judge Lou Tress, 7-2-1, and Judge Zach Clayton, 5-3-2. The AF had it five rounds for each man.

Carmen Graziano and Tony Ferrante, managers of Giardello, said they weren't interested in a Turner rematch. They said they want either Billy Graham or Paddy Young.

The Senate Committee on Forests and Waters, Game and Fish also approved two other bills sponsored by Chairman C. Arthur Blass (R-Erie).

These would increase the number of complimentary hunting licenses issued in the commonwealth from 25 to 100 and for fishing licenses from 50 to 100.

The complimentary hunting licenses go to the President of the United States and visiting federal wildlife and conservation officials along with those of other states.

Free fishing licenses are presented to visiting foreign or other dignitaries.

Sportsmen's Group Plans Stock Issue

A special meeting of the Gettysburg Sportsmen's Association will be held tonight at 8 o'clock at the clubhouse on E. Wainwright Ave. to act on a resolution to change from a non-stock basis to a share corporation.

If it is proposed to amend the articles of incorporation to provide for the issuance of 30 shares of stock each with a par value of \$50 and with a total capitalization of \$1,500. The purpose of the proposed amendment, officers said, is to retire the present indebtedness. Members and former members are asked to attend.

Those received in Emmanuel's, Abbotstown, were: By confirmation, Patsy Baker, Edgar Miller and Marian Shaffer, and by letter of transfer, John Hodgson and Gilbert Zeigler.

Overflow Audiences

Baptisms by the pastor during the season were Scott Emerson Eckert, son of Mr. and Mrs. Carroll Eckert, York; Richard Adam Bream, son of Mr. and Mrs. Howard S. Bream, S. St. Paul's Sunday School also set an all time record attendance on Easter Sunday, with all the classes of the Primary department having one hundred per cent of their enrollment present. Glenn Alwine, New Oxford, is superintendent.

JOEY GIARDELLO "EXPLODES" AND BLASTS TURNER

PHILADELPHIA (AP) — Welterweight Joey Giardello, a 3-1 underdog, exploded into action in the final rounds last night to beat Gil Turner by a decision.

Turner had won 35 and lost only two prior to last night's set-to before 7,377 at the Arena. He was fighting Joey as a warmup for future business with Welterweight Champion Kid Gavilan.

It looked like the odds makers were right for the first six rounds. Turner appeared to have conceded seven pounds in weight and Giardello seemed to have conceded class. Gil danced around the slow, plodding Giardello, trading six punches for one. Joey didn't seem to mind. In fact there was some doubt he wanted to keep on going.

Crowd Loved It

Then came the seventh round and Joey lashed out suddenly with a right hand. Turner ran right into it and almost knocked himself out.

From that punch on, Giardello felt like fighting and Turner looked like he wanted to go home. The crowd that paid \$40,642 were loving it.

Gallardo Predict Win Over Bassett

WASHINGTON (AP) — Dave Gallardo, who takes on "Interim" featherweight champion Percy Bassett in a 10-round bout tonight, says he'll win "if Bassett is willing to fight."

Bassett is the pre-fight favorite. Gallardo, 23-year old Mexican from Los Angeles, has been undefeated since 1951 and has a string of 11 wins last year to bolster his confidence.

Bassett won his interim title by scoring a technical knockout over Ray Famechon in Paris last February.

The fight, beginning at 10 p. m. EST, will be televised nationally by the Columbia Broadcasting System.

Fights in the 126-pound class can be only for an interim title while champion Sandy Saddler is in the Army.

PICKS BARONS OVER HORNETS

CLEVELAND (AP) — Cleveland should win the American Hockey League's Calder Cup in "not more than six games," Barons coach Fred (Bun) Cook predicted today.

On the strength of last night's nerve-jarring "sudden death" 3-2 Barons victory over the Pittsburgh Hornets, Cook said:

"Winning the first two gives us a big edge, but they are tougher at home."

"Dropping one of these overtime affairs always is bad for the morale of the losers, though."

The third game of the four-out-of-seven playoff series is tomorrow night in Pittsburgh and the fourth is there Saturday night.

The Barons and Hornets went into the first overtime last night with a 2-2 tie, and couldn't score. Then, at 2:40 of the sudden death overtime, big Bob Chrystal swished the puck from about 70 feet back and Ike Hildebrand hit it in the net.

A crowd of 7,211 saw the game.

Conewago Will Be Stocked With Trout

The Conewago in "The Narrows" will be stocked with brook and brown trout prior to the opening of the trout season, April 15, P. H. Glatfelter, of Spring Grove, said today. He said it will be stocked by the Laurel Fish and Game Association and the Adams County Novelty Company.

He said that the public water of the Conewago in "The Narrows" will be stocked and that the Pennsylvania Fish Commission has been asked to supervise the stocking.

RESIGNS STATE POST

HARRISBURG (AP)—Dr. Paul L. Cressman, director of the State Bureau of Instruction, will end 26 years of educational work in Pennsylvania on May 1.

A former teacher at Lehigh, Uniontown, Erie and Bloomsburg State Normal School, Dr. Cressman has resigned to join the faculty of Florida State University's summer school.

Dr. Francis B. Haas, superintendent of public instruction, said no consideration has been given to filling the \$8,748 a year post.

Veteran Bullet Nine To Meet Lebanon Valley Here Thursday At 2 p.m. In Opening Contest

Baseball will make its debut locally Thursday afternoon at 2 o'clock when the Gettysburg College baseball team opens its 15-game campaign with Lebanon Valley College.

The game was originally listed to start an hour later but was advanced at the request of Lebanon Valley officials due to a testimonial dinner being given Thursday evening at Palmyra for the Dutchmen's basketball squad. Howie Landa, third baseman, and Lou Sorrentino, shortstop, were members of the cage squad which participated in the NCAA playoffs while Coach George Marquette also piloted the dribblers.

Coach "Hen" Bream is fairly certain of his starting infield. Veterans Junie Shaffer, Jack Keller and Chick Dudley will be at third base, shortstop and second base, respectively. A scrap is on for the first base position between Lefty Zeiss and "Oakie" Schlich Zeiss, who was a freshman here in 1948 before entering the armed forces and seeing action in Korea, has a slight advantage due to his experience. He played ball while in the service.

Shaffer may be used for mound duty when occasion demands, the result of having turned in some fine work in sandlot pitching last summer. When Shaffer is on the mound John Schreiber will take over at third base.

Allies Keep Sharp Eye Out For Red Trick In New Peace Effort And Exchange Of POW

By JAMES MARLOW
WASHINGTON (AP) — The world held its breath, hoping for Communist consistency, as the Reds abandoned their next to last apparent obstacle to truce in Korea.
They agreed today to the voluntary exchange of sick and wounded prisoners. Under terms agreed to earlier, and good as long as hostilities continue, none of the sick and wounded will be forced to return home against his will.
The next and last step would be agreement on voluntary exchange of all prisoners. There may, of course, be truce obstacles not now apparent. The Communists could drag in a new and unexpected roadblock.

The truce talks broke down last October when the Communists insisted on the principle that all prisoners had to be exchanged. That is: whether they liked it or not, all prisoners held by the United Nations would be turned over to the Reds, and vice versa. The U. N. was just as firm against that principle, called forced repatriation.
From October until now, the Reds refused to budge, preferring to let the war go on. They have budged in the case of the sick and wounded. The issue will come up again, for other prisoners, in any renewed truce talks.
Having once dropped the principle in the case of the sick and

M'CARTHY CALLS BIDDLE DEMAND CRIMINAL LIBEL

WASHINGTON (AP) — Former Atty. Gen. Francis Biddle's demand for a Justice Department investigation of Sen. McCarthy (R-Wis) brought this retort from McCarthy: "Criminal libel."
Biddle, a Democrat who served in the Franklin D. Roosevelt administration, Monday called on Atty. Gen. Brownell to investigate whether McCarthy committed embezzlement or mail fraud in handling funds donated to him to fight communism, and whether the senator had committed other crimes including bribery and conspiracy. Biddle refrained from making di-

wounded, the Communists could not consistently stick to it in the case of all other prisoners.
But the West has learned not to bet on Communist consistency and seldom to expect it.
This time, though, with the Russians and Chinese working the same side of the street, both talking peace for some reason of their own, there was hope for it.

Nevertheless, a truce in Korea would not necessarily mean peace. Once there's an armistice, both armies withdraw one mile, leaving a two-mile zone between them.

There they sit facing each other, fully armed and ready to renew the shooting if the peace talks break down.

In time, after training enough South Koreans to take their place at the front, the Americans could withdraw to rear, supporting positions and perhaps even bring some of their men home.

By agreement reached long ago by both sides, within three months after a truce the diplomats would begin their conversations on peace. These conversations could go on indefinitely, keeping the rest of the world on the edge of its seat, since the two armies would still be in the field.

The Communists may be banking on this edginess, this American desire for peace, to win more at the peace table than they could win on the battlefield.

Ex-King Carol Is Buried In Lisbon

LISBON, Portugal (AP) — The body of ex-King Carol II of Romania lay entombed today in the Pantheon of St. Vincent's Roman Catholic Church here, traditional resting place of Portuguese royalty.

The exiled monarch's third wife, the former Mme. Elena Lupescu, and a handful of European royalty were on hand for the services yesterday.

Carol's son, ex-King Mihai, remained in Switzerland but sent a wreath.

rect accusations.

In that he was like the Senate privileges and elections subcommittee which had raised questions in an official report last Jan. 2 about McCarthy's use of funds donated to help his avowed anti-Red drive.

The Justice Department said the subcommittee's questions about any possible wrongdoing by McCarthy are "still under active consideration in the Criminal Division."

Biddle signed the letter to Brownell as national chairman of Americans for Democratic Action (ADA). Robert R. Nathan, chairman of the ADA Executive Committee, was co-signer. They made public the letter.

U. S. READY FOR BATTLE ON NEW RED MANEUVER ON ARMAMENTS

UNITED NATIONS, N. Y. (AP) — The United States was reported ready today to fight a new Russian maneuver in the long-deadlocked United Nations battle over disarmament plans.

The General Assembly was due to consider Russian amendments to a proposed resolution continuing the work of the U. N. Disarmament Commission. The Soviets want to take out instructions for the commission to base its work on previously approved — but Russian-rejected — Western proposals for supervised, step-by-step arms reduction.

Some delegates viewed Vishinsky's amendments as a compromise offer because, though they

threw the commission's deliberations wide open again, they did not specifically restate the Russians' own proposals for immediate one-third arms cuts and bans on atomic and germ weapons.

Fear Propaganda Trick
The Americans, however, feared Vishinsky's efforts to knock out the proposed endorsement of the commission's previous work, if successful, might be employed later by the Soviets as a propaganda point against the Western proposals.

The Americans said they would vote against the Russian amendments. It was believed most of their Western allies would do the same.

Though some saw in the Soviet amendments at least a softening of the usual Communist approach to the long-deadlocked disarmament question, there seemed no suggestion at this time that the Russians in their astonishing new peace offensive were ready yet to accept Western proposals which would call for lifting the Iron Curtain to allow complete international control and inspection.

WILSON PLAN IS WELL RECEIVED

WASHINGTON (AP) — Secretary of Defense Wilson's reported proposals to spend less on the expansion of munitions plants and to emphasize production of weapons, which looked like a sure thing controversy, smoothed out today into scarcely a ripple.

Officials of the Office of Defense Mobilization (ODM)—which favors building a broad industrial "base" for swift mobilization, including standby plants and equipment—and other administration aides said privately:
1. President Eisenhower intends

to make personally the final decisions on both mobilization policy and military spending. This rules out any civilian-versus-military contest of power.

2. ODM people favor some of Wilson's ideas, admit that some of ODM's original plans were over-ambitious, and profess to see no reason why Wilson's views cannot be reconciled with theirs.

PLYMOUTH ANNOUNCES HY-DRIVE

the newest, smoothest
NO-SHIFT DRIVING
in the lowest-priced field!

Drive without shifting! Drive with new smoothness!
Drive with Plymouth's sensationally new HY-DRIVE!
Nothing new to learn—HY-DRIVE makes driving easier than ever! Plymouth's new HY-DRIVE is available now for the 1953 Plymouth of your choice—at the lowest cost of any no-shift unit in the lowest-priced field!

HY-DRIVE is easy to use! Start the engine with the lever in neutral. Simply move the lever into high, and you're in HY-DRIVE! In traffic, starting or stopping, cross-town or cross-country, HY-DRIVE lets you drive without shifting—just brake or accelerate!

HY-DRIVE starts smooth, stays smooth! From standstill to cruising, there's never a lurch or jerk as your speed increases; no lagging engine action. When your toe says "go," you're off and away with HY-DRIVE'S fast, powerful response!

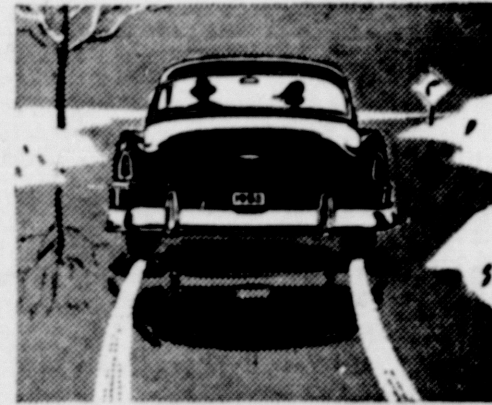

HY-DRIVE takes to the hills! No need for a long running start. Just feed more gas; HY-DRIVE instantly provides the extra power your car needs to take steep grades without slowing down. HY-DRIVE also gives you braking action coming down a hill.

Stay where you stop with HY-DRIVE. On an upgrade like this HY-DRIVE lets you keep your hands on the wheel, your foot on the accelerator. There's no need to use the parking brake—just speed up your engine a trifle to offset the backward pull of the slope.

Feel fresh, all day long, with HY-DRIVE! It takes so little effort to drive with HY-DRIVE. There's no "traffic fatigue" from continually working up and down through conventional gears. You drive with new ease, new sureness, and HY-DRIVE saves your energy!

HY-DRIVE gives you better control. Because HY-DRIVE applies power to the rear wheels smoothly, you get better traction on icy, wet or slippery streets. For rocking out of deep mud or snow, your low and second gears are there, with the normal clutch control.

ANECDOTES . . . Got two anecdotes to tell you about this week. For those who are unfamiliar with the word, an "anecdote" is something you take for poisoning. . . . To begin:

THE BOYS, PUNK & CHUCK.

. . . These two small editions of Paul Wolfe's, are miniature perpetual motion machines. They can be seen daily perpetrating their misery and practical jokes in front of, around, beside, under, and near Wolfe's Restaurant. Either of them can think up enough mischief to keep one normal boy busy for one normal week. Together, with both heads working, Punk & Chuck make it a full time job for three people to keep track of them. For instance—Hanging no sliding board in the yard, the mighty mites decided they needed one. . . . No playground near either. . . . What's the next best thing. . . . Punk's eyes suddenly lit up with a fine dandy idea. . . . "Hey Chuck, didja ever notice the back of a '48 Packard two-door?" . . . No sooner said than done. . . . Curvan Kinter's car in the garage next door made the prettiest sliding board you ever did see. . . . And look—we're shining it up for him too! . . . But the crowning performance of this duo was given in Roy Cramer's barber shop last week. . . . While waiting to have their ears lowered, they spied young Jimmy Shambaugh sitting in an empty barber chair. . . . You know the kind I mean—the ones that go round. They proceeded to spin Shammy around faster and faster, Chuck on one side, and Punkie on the other—their little eyes burning with sheer delight! Pretty soon Jim was quite dizzy, and

quite sick from being a whirling DERVISH. . . . He not only missed his turn on the chair, but had to go home to recuperate. . . . Noticed Roy doesn't cut their hair too well anymore. He's too busy protecting himself. . . .

CAR DEALER STUCK WITH HIS CADILLAC.

. . . Now that sounds absurd, doesn't it? Whoever heard of a car dealer being stuck with a Cadillac??? But it actually happened. This is the story: Once upon a time a Pontiac dealer from Rossville had a sale for a Cadillac which had been gracing his lot for some months. Sprucing the car up to look its best, he hopped in and went to call on its future owner. Arriving at his destination, the prospect and Mr. S. walked around the car. Mr. S. admiring the beautiful finish, and the prospect looking in vain for chips in the paint job! Satisfied, a sale was almost consummated, until Mr. S. begged the customer to look at the engine. This seems to have been his only mistake. . . . They got the hood up all right, but upon closing same, Mr. S. painfully caught his hand under the hood in such a fashion to make it impossible to say goodbye to the Cadillac. Thus were the large black car and Mr. S. wedded. . . . Their marriage was further enhanced by a pelting rain, which came down on the unprotected head of the Pontiac dealer. . . . In fact, he was beginning to look like the hood ornament on one of the new Pontiacs. . . . (You remember that Indian, don't you?) An hour or so later, a repairman came and removed the hood. Mr. S.'s hand, and probably the desire of the customer to buy the car. . . . This seems to be the only case on record of a Cadillac biting the hand that feeds it!

HEREIN THERE . . . Roy Coulson is in the Carlisle Hospital suf-

fering from a foot injury. . . . I'm sure he'd like to hear from all of you. . . . Gee, Roy, I'm sorry I forgot to send you a card. . . . I'll send you two this week. . . . And the BIRTHDAY: Anna Knisely, Margaret Wert, Darryl Myers, Harry Wagner, Jane Lefever, Norman Miller 3rd, Ray Mummert, Lou Wierman (No, I don't wanna buy any Easter eggs), Milton Forry Jr., Doug Harter Jr., Janice Strayer, Jimmie McClure, George Laukemann, Mearl Orner and Ruthie Cooke. . . . Wish 'em a happy birthday wid a card. See yuh. . . . H.H.

AFL, CIO Continue Merger Conference

WASHINGTON (AP)—The AFL and CIO, talking merger again, have started out by trying to eliminate a source of friction between them. Leaders of the two big labor organizations yesterday named a six-man group to try to work out an agreement against "raiding." This is the attempt by one union to replace another as bargaining representative in an already organized plant or industry.

Both AFL President George Meany and CIO President Walter Reuther told newsmen they knew such practices were going on and that they ought to stop.

28 SAY PAPERS, RADIO UNFAIR TO M'CARTHY

NEW YORK (AP)—A group of 28 writers, actors and others contend some newspapers and radio and TV stations have been unfair to Sen. Joseph McCarthy.

In a letter sent directly to the editors of 700 newspapers, the group specifically contended on Monday that "hardly any" critics reviewed the Wisconsin Republican's book, "McCarthyism, the Fight for America."

The letters added that a book by Owen Lattimore, "Ordeal by Slander," an attack on McCarthy, was given "the most extravagant and uncritical support." Lattimore, a Johns Hopkins University professor, is awaiting trial on perjury charges. Lattimore was one of McCarthy's first targets.

The letters declare McCarthy's book "forthrightly discusses every significant charge made against him," and add:

Had Few Reviews

"How many reviews has it had? The answer — hardly any — is a blight on a profession supposedly objective and courageous."

The letters were signed by actor Ward Bond, author William F. Buckley, biographer Oliver Carlson, author John Chamberlin, John B. Chapple, editor of the Ashland, Wis., Press; author Frank Chodorov, actors Charles Coburn and Adolph Menjou, Kenneth Colegrove, Northwestern University professor; columnist Frank Conniff, authors George Creel, Ralph de Toledano and John T. Flynn; publisher Devin Garrity; Frank Hanighen, editor, Human Events; Karl Hess, press editor, Newsweek; author Rupert Hughes, commentators Robert Hurler and Fulton Lewis Jr.; journalist Suzanna La Follette, author Victor Lasky, publisher William Loeb, Manchester, N. H., Union-Leader; author Eugene Lyons; Rabbi Max J. Merritt, of Los Angeles; author Felix Morley; editor J. C. Phillips, Borger, Tex., News Herald; publisher Henry Regnery, and playwright Morrie Ryskind.

The signers said in a statement that they spoke for themselves only.

IKE PLANNING MILITARY CUT

WASHINGTON (AP)—President Eisenhower is reported to have advised members of Congress to ignore "military lobbyists," because he intends to cut armed services spending to the lowest level at which he feels the nation will be safe.

A senator reported Eisenhower's advice after Secretary of the Treasury Humphrey agreed in testimony before a Senate committee yesterday that defense outlays would have to take a four billion dollar cut if the new budget were to be balanced.

Eisenhower was described by the senator, who asked not to be quoted by name, as being convinced that pressure is being exerted on Congress by military men to prevent slashes in the 46 billion dollar spending program outlined by former President Truman for the armed forces for the year beginning July 1.

The President has said he will make the final decision on the level of combat strength to be maintained.

In Memoriam 3

BENNETT: In loving memory of my dear husband, Elmer A. Bennett, who passed away three years ago today, April 8, 1950.

"Oh, what a weight of sorrow
Must I, the only one, bear.
The silent room, the empty bed,
The lonely, vacant chair."

My lips cannot tell how I miss you.
My heart cannot tell what to say.
God alone knows my grief and sorrow
In a home that is lonesome today.

When evening shadows are falling
And I am sitting all alone
In my heart there comes a longing,
Dear Elmer, if you could only come home."

Sadly missed by his wife,
BESSIE M. BENNETT
